COMPREHENSIVE ENTERPRISE
BIOMETRIC SOLUTIONS

WHY USE DIA?

OUR GOAL

DIA (Digital Identity Authority) strives to provide comprehensive enterprise identification solutions that are tailored to your needs.

OUR EXPERTISE

Collectively our team has over 65 Years of extensive biometric & software development experience.

TAILORED SOLUTIONS

We offer tailored solutions for your business requirements with seamless integration and support.

ADVANTAGES OF DIA BIOMETRIC SOLUTIONS

Improvement of Security Level

One is able to make a decision, in real time, whether or not a person is a fraud or not. Proving that a biometric system greatly improves your security.

Easy Integration Process

Using WCF webservice, minimal money and time needs to be spent on redeveloping your own software for integration.
